 1. Aaron Wadley with LNCO Emerald Cove Update- Council was given an update on the agreement with Aaron Wadley with LNCO. The next step is to have him at the next meeting to go over his recommendations. This will be added to the June 13th, 2024 meeting. No action taken.
 2. Budget Discussion- The council went over the budget and brought up any questions/concerns they have. Linda Pilgrim spoke on her concerns on page 23 regarding the garbage fees. They went over the cost of training costs that were included in the budget and what all that cost entails. The Mayor made some adjustments to page #9- 31.1- \$350,000 changed to \$358,000. Linda Pilgrim asked about the travel, mileage reimbursement, and other travel lines items and what the difference is between the 3 line items. The Mayor and Councilmember McClanahan explained the

difference between the 3-line items. Linda Pilgrim asked about line 53.110 page 15 which includes \$10,000 for office supplies. Maxine McClanahan explained where that number came from and what it entails. Linda Pilgrim also inquired about line 57.1100 which she stated was a question from a citizen. This line states that we give Walton County Board of Commissioners \$13,000. That is the fee for billing property tax. It was previously under 57.4000 (bad debts) and that is not the correct category for that. Linda Pilgrim asked about line 53.1125- *Facility and Ground Supplies* and line 53.1130- *Other General Supplies (Page 15.)* One line item has \$20,000 listed and the other line item is listed at \$10,000. Mayor Moncrief explained the differences between the two line items. Public Works does not have the necessary tools to properly do their job and the Facility and Ground supplies line will help Public Works get the items they need to properly do their jobs. The Other General Supplies will cover any other supply the city may need that does not have its own category. Page 22 had a clerical error that needs to be fixed within the descriptions.
