Re: Proposed Amendments to the 2007 Comprehensive Land Development Ordinance for the City of Walnut Grove related to Section 501.8 (Sewer Use Ordinance).

Dear Mayor Moncrief:

Following previous discussions regarding returning to a more conservative number to use when estimating sewage flow, I am forwarding a proposed amendment to the *2007 Comprehensive Land Development Ordinance* for Council consideration. The proposed change would amend Section 501.8 (Sewer Use Ordinance) Section I Definitions – Definition (T) “Equivalent Residential Unit (ERU).” The proposed amendment is listed below:

Note: **Bold, highlighted** text indicates proposed additions to the text. ~~Strikethrough text~~ indicates proposed text to be deleted from the Ordinance.

(T) “Equivalent Residential Unit (ERU)” shall mean a volume of water equal to the average daily usage of a typical single family residence of ~~210~~ **250** gallons.

More information will be provided to Council in advance of the Public Hearing, which will need to be scheduled. Please let me know if you have any questions. I have also attached the draft Ordinance and a Public Hearing notice template for your review.

Sincerely,

Joe Walter
Zoning Administrator

Mayor and Kimberly.

The ad has to run in the paper at ~~least 15 days before the public hearing~~. Don't think this can be accomplished by April 11, but we could advertise it for the April work session and make it a specially called meeting. That's about as quickly as it can be done.

We should ~~additionally post a notice at city hall and outside the meeting room~~.
